

Please don't take K-LOVE off the air in my area. This radio station is so important to so many people. They play positive music and you never have to worry about what you (or your kids) hear. The effects the loss of K-LOVE would have on our community are numerous. I know a great many people who love this station and many of us wouldn't listen to the radio at all if we didn't have this station. Please keep 90.3 in Grand Junction, Colorado as K-LOVE. Thank you!
